Fremont Public School Foundation Honors FHS Scholars at Annual Academic Achievement Award Banquet

Over 150 students, parents and faculty mentors were in attendance at the Fremont Golf Club on April 14th for the Fremont Public School Foundation's 15th annual Academic Achievement Banquet.

Foundation Executive Director Joe Sajevis served as emcee for the event as the Fremont Public Schools Foundation honored 35 students who graduated with a 3.75 GPA or higher, and who have completed the most academically rigorous curriculum the Fremont Public Schools have to offer. Also honored were their parents, who have nurtured these outstanding students, as well as the teachers who have mentored them.

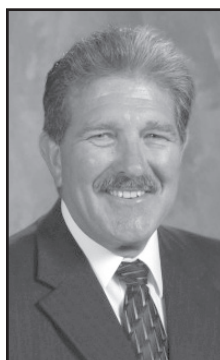

Students and mentors were recognized and were all presented with a gift from the Foundation. ★

From the Executive Director's Desk

A look at the articles in the Cornerstone always presents a quick look at the big things that are taking place in the Fremont Public Schools, and this edition is certainly no exception. There are many exciting things happening for students in Fremont, and all point to a healthy school system, which is not only a good thing for students, but for the Fremont Community. Some of the FPS projects, such as the welding and diesel technician programs, will have an immediate economic impact for the community as it provides certified welders and diesel technicians for some of the major employers in the Fremont area. The Fremont Public School Foundation has played an important role in these exciting projects as it not only serves as the repository for the private donations, but also assists students with the costs of these classes through the Foundation's Dual Credit Assistance Fund.

Joe Sajevis
Executive Director

The Cornerstone tries to give you a glimpse of what your Foundation does for the students and teachers at FPS. However, we can't include everything due to lack of space! I wanted to call your attention to another project the Foundation is helping to facilitate. Along with the Fremont Area Community Foundation, the FPS Foundation is helping with an upgrade to the Emergency Communications System throughout all Fremont schools, including Trinity Lutheran and Archbishop Bergan. With this upgrade, all Fremont schools will have the ability to communicate directly with one another, as well as the first responders in the area in case of emergency situations. This system is being installed this summer and will be up and running for the 2019-20 school year.

This project, along with the others highlighted in this addition (and many others!), could not occur without your donations. Our organization is 100% supported by donations from individuals and businesses, so without your help, these projects would not be possible. Please consider a donation to the Fremont Public School Foundation to help continue these efforts.

This past year, our Board had 2 long-standing members "retire" from the Board. Ronda Niehaus and Lori Sajevis elected to step down after many years of exemplary service on the Board, and they will be missed! Taking their places are new members Ashley May and Alma Rosales. Ashley is a Branch Manager for Pinnacle Bank and Alma (a graduate of FHS!) is an Assistant VP-Lending for First State Bank. Both have children enrolled at FPS schools and will bring their many talents to our Foundation and we are lucky to have them on our Board! ★

Fremont Public Schools Foundation Awards Creative Teaching Grants for 2019

The FPS Foundation once again honored creative teaching and innovative strategies of several faculty members in the district by awarding over \$7,000 in funds for Creative Teaching Grants. With over 30 applications, the grants were distributed to 16 teachers representing elementary, middle and high school programs.

The Creative Teaching Grant Program, initiated in 2009-10, annually makes grants to allow teachers to create, design, or implement programs that promote student achievement, enhance the learning environment, or provide opportunities beyond the traditional classroom setting. The grant money may be applied to materials, training, equipment or special programs. With this year's grants, over \$53,000 has been directed back to classrooms and educators.

Amy Hartman, Emily Ridder and Lisa Manka, all 2nd grade teachers at Linden Elementary, requested and received monies to take their students to a Passion Project field trip to the SAC Museum. While there, students built robots, made parachutes, launched rockets, coded a robot, built circuits, and toured the museum. What a fun time "Doing Science!"

Terri Kyes, Early Childhood educator at Bell Field Elementary, was awarded a grant to purchase Duplo Lego Name Building blocks for her students. The main purpose for the blocks was to add them to the students 'name' bags so they can practice building their names. By the end of the school year, almost all students were able to "build" their names using the blocks!

Bell Field Special Education teacher, Charlie Wiese, received funding to cover the costs of materials for her 3rd grade students to build their own marker boards. As an introduction to careers in the trades, these student visited the FHS Industrial Technology lab and utilized several "hands on" operations to construct their projects.

The **Guidance Department at Fremont Senior High** was awarded funding for transportation costs for on-campus college visitations for freshmen and sophomore classes. These visits are designed to give students the experience of life on a college campus, with the long-range goal of increasing the FHS graduates college attendance rate.

Other FPS Educators receiving grants were: **Brianne Fergus (Speech Pathologist at Washington and Clarmar Elementaries)** for a Mu Table;

Tammy Rensch (5th & 6th grade teacher at JCAC) for additional VEX robotic kits for the JCAC Robotics Club; **Kiley Kuehn (Milliken Park Elementary 4th grade teacher) & Laura Enos (Fremont MS Reading teacher)** for novel purchases in their content areas; **Michelle Whitman (JCAC High Ability Learner educator)** for transportation and entry fees for her students at a high ability learner writing festival in Gretna; **Heather Millard, Sharla Barada and Shelly Caskey (Kindergarten teachers at Bell Field)** for Kinesthetic Manipulatives for their classrooms; **Tina Kuddes (Milliken Park Pre-school teacher)** for a set of materials to enhance the gross motor skills of her students; and **Karie Martin (School Psychologist for Milliken Park and Washington)** for classroom calming kits and a set of books covering social/emotional needs topics.

As always, the FPS Foundation is proud of the quality of our teaching staff and their commitment to professional development, creativity and innovation, and the focus on improving student performance. The Foundation Board thanks everyone who remembers the Foundation with their memorial gifts so that we can continue to fund these grant programs.

(*Please note: Those requests not selected for a Creative Teaching Grant are posted on the FPS Foundation "Making a Difference" webpage (<https://fpsfoundation.com/fps-campaigns/>) for possible funding!) ★

Bank of the West Supports John Baylor ACT Test Prep Program

The Fremont branch of Bank of the West generously donates monies to the Fremont Public School Foundation to offset the cost of the John Baylor Test Prep program. All juniors at Fremont Senior High School are enrolled in and participate in this program prior to taking the ACT test, which is now required of all 11th grade students by the Nebraska Department of Education.

Baylor's program gives students the opportunity to learn the nuances of taking a standardized test and also provides some helpful suggestions to students for improving their overall scores. Along with this course, Fremont High teachers have implemented ACT-type questions into their curricula in order to better prepare students for this assessment.

This donation is a perfect example of how the FPS Foundation serves as a "conduit" enabling businesses or individuals to make a donation to a specific cause or area, resulting in enhancing the education of Fremont Public students. ★

FPS Foundation Jim Ebers Golf Classic

Participants in the Jim Ebers Golf Classic enjoyed a great day of fun and golf at the beautiful Fremont Golf Club on July 8th. This was the sixteenth year for the annual event and for the fourth year, a ladies division was included! The sixteen teams consisted of a cross-section of Fremont Public School supporters, and the winners of the three flights included teachers, administrators, coaches, financial advisors, accountants, alumni and many business partners of the FPS. It's a fun way to support the ongoing operation of the Fremont Public School Foundation.

The 2020 event is scheduled for **Monday, July 13th**, so mark your calendar now, and get your team together for a fun day for a great cause! ★

NOTE: I received the following email from Duane Victor Keilstrup, Ph.D. (University of Nebraska, Lincoln) Class of 1953. He has granted me permission to share it with all of you.

I have often recalled how the great FHS football coach Bob Faris took time in gym class to call a play for me to go after a pass from him in our class football games outside. I was an overweight, slow kid who did his best, and Mr. Faris lifted my spirits with his confidence in me. And he even complimented me for playing well when he saw me play pick-up basketball as he drove by my home in Fremont. What a special man, teacher, and coach he was. He saw my heart and passion and left me encouraged as a boy and man.

Also, perhaps of interest to FHS baseball fans, a book entitled Texas Rangers has just been published with a chapter written by this 1953 graduate. Chapter 60 is "Texas Rangers Celebrate the Arrival of Major-League Baseball in North Texas." The book is some 380 pages long with 72 chapters and is published by the Society for Baseball Research. Fellow '53 FHS grad, Richard Siders and I attended that first Rangers game in Arlington Texas on April 21, 1972. Great memory, and in my heart, I think coach Faris is partly to thank for much of any accomplishment in my life through his encouragement so long ago. Thanks for your unselfish efforts for FHS, and greetings and God bless! Duane

Here is a list of Duane's accomplishments:

Duane Victor Keilstrup, Ph.D. (University of Nebraska, Lincoln), Professor Emeritus, University of Texas at Arlington, Editor Emeritus, SCHATZKAMMER (Educational/Scholarly Journal), Past Chair, Department of Germanic Languages, UT Arlington, Producer, Classics & Curios, The Olde Tyme Radio Network (Online), Author: THE CHRISTIAN PROFESSOR IN THE SECULAR UNIVERSITY: SINGING & SOARING ON PATHS OF JOY
